COMPANY I WILL LEAVE SEPTEMBER 13

Local Company Will Join Regiment at
Phoenix for Annual Encampment at Atascadero

Captain Jack Fairfax is making all preparations to take a fair sized company to the annual maneuvers at Camp Atascadero, Cal. The company will be gone until September 30.

Official orders were issued last Monday by Governor Sloan for movement of the troops of the National Guard of Arizona to Camp Atascadero, Cal., for the regular army maneuvers.

In the Phoenix Republican it was stated that all the companies except A and B, which are located at Phoenix, would probably leave their home stations on September 13, lay over in that city one day and go on to Atascadero the next. This plan was the final one adopted and Governor Sloan's order is drawn in accordance with those arrangements.

It now seems probable that the guardsmen will go to Atascadero over the Southern Pacific and return over the Santa Fe. The rate controversy with the railroads is about settled. Adjutant General Coggins is not satisfied with the rates offered by the two roads but an understanding has almost been reached, and there is little danger that the Arizona boys will not go to the encampment. They are certain to be greatly pleased with the arrangements whereby they will be sent to Atascadero over the Southern Pacific and returned over the northern route.

An Enjoyable Dancing Party

Miss Cecile H. Schulz gave a most enjoyable dance Friday evening to about forty of her young friends, in McMillan hall. Miss Cecile will return to the Marlborough seminary, in Los Angeles, to continue her studies.

The hall was beautifully decorated for the occasion with streamers, flowers and colored effects. There were over forty young people present. At 12 o'clock dainty refreshments were served and the good time was resumed. Mrs. Goodwin and Miss Myrtle Pulliam furnished delightful music for the dancers.

Pleased With Progress.

Mr. J. C. Dolan, of Los Angeles, who is connected with the Flagstaff Lumber Manufacturing company, recently arrived from Los Angeles. He was astonished and delighted at the progress made by President McGonigle during the past month. Mr. Dolan will soon bring his family here from Los Angeles to reside and permanently take up his work with the company.

ROOSEVELT SAYS THEY BELONG IN FOOL HOUSE

"Tell Them This for Me," He Said in a Conversation With Judge Lewis at St. Paul Tuesday. A Half Dozen Senators Friendly to Statehood Told Judge Lewis that the Initiative, Referendum and Recall in the Constitution Will Be Fatal to Arizona's Hope of Admission.

Globe, Arizona, September 6. (Special.)

I have a telegram this evening from Judge Lewis, who is in St. Paul, attending the conservation congress. He met Colonel Roosevelt at luncheon at a St. Paul hotel today. Judge Lewis writes that Roosevelt said when told that the advocates of the initiative referendum and recall were using his Pueblo speech as an argument favoring the same. "I HAVE HEARD THEY WERE. THEY SHOULD READ MY SPEECH. ANY PERSON WHO USES IT AS AN ARGUMENT IN FAVOR OF THE INITIATIVE, REFERENDUM AND RECALL IS AN IDIOT WHO SHOULD BE IN THE OUTHOUSE OF A LUNATIC ASYLUM. Tell them this for me." Judge Lewis says he has interviewed half a dozen prominent senators including friends of statehood regarding the initiative, referendum and recall and they say, WE MUST LEAVE THEM OUT IF WE WANT STATEHOOD.

GEORGE H. SMALLEY.

George H. Smalley was former private secretary to Governor Brodie, and is present clerk of the court in Globe, in which Judge Lewis presides.

CHANGES MADE IN SITGREAVES FOREST

The president has signed a proclamation adding to the Sitgreaves national forest 23,966 acres, and at the same time eliminating 68,415 acres. This forest now has a total area of 1,425,915 acres. The changes are the outcome of careful field examinations made by the U. S. department of agriculture last year.

The additions are located along the north boundary of the forest west of Snowflake, and embrace good pinon woodland estimated at 125,000 cords. The area eliminated comprises a strip of land from one to five miles wide, extending eastward from range 20 east to the boundary of the forest in range 25 east. The examination showed this area, though for the most part occupied by a scattering growth of juniper and pinon, was far more valuable for grazing than for national forest purposes.

The lands eliminated by this proclamation will be restored to settlement and entry, after having been advertised in the local papers by the secretary of the interior.

They left on the limited immediately after the ceremony for Los Angeles and other points on the coast.

Miss Willis is an exceedingly attractive young lady, and has made her home here for the past year or more with her sister, Mrs. Martin. Mr. Finley is a well-known politician, city councilman and merchant, with energy and ability sufficient to make success a certainty.

at Request of a California
Woman.

Charles Hamilton, well known in this section, was arrested by Deputy Sheriff Pulliam at George McCormick's camp, near Bellemont, Wednesday, charged with the crime of bigamy.

The charge was preferred against him by a woman living in California, who claims to be his legally wedded wife.

Mr. Hamilton was married rather suddenly about a year ago to a young lady who was visiting the Grand Canyon. She was from St. Louis, and it is said that she is living there at present.

Al Beasley, He Fishes

Al Beasley took a pint of bait and went to Lake Mary fishing on Sunday, along with the general out-pouring of fishermen to that popular resort. Al had hardly thrown his hook and line into the water before Harrison Conrad caught a black bass weighing anywhere from one and a half to four pounds. Mr. Beasley was delighted with the catch, and the next time he cast his line in the water a kid a hundred yards down the lake caught another fish. Al was delighted with the fishing he saw going on about him, and believes if he had taken a gallon of bait results would have been different.
